

Roshni Kanjhwani

Aspiring Developer & Cybersecurity Learner

Pakistan • roshnikanjhwani22@gmail.com
• roshni.jairamdas.bsclf24khp@iba-suk.edu.pk • linkedin.com/in/roshni-kanjhwani

PROFESSIONAL SUMMARY

Dedicated Computer Science student from Pakistan with a strong interest in programming and cybersecurity. Experienced in building beginner-friendly academic and personal projects. Skilled in C++, Java, Python, MySQL, Data Structures & Algorithms (Java), and computer networking. Motivated to learn by doing, improve problem-solving skills, and explore cybersecurity fundamentals.

EDUCATION

Bachelor of Science in Computer Science 4th Semester (In Progress)
Sukkur IBA University, Pakistan

TECHNICAL SKILLS

Programming Languages

C++, Java, Python

Networking & Security

Computer Networking, Basic Cybersecurity Awareness

Data & Algorithms

Data Structures & Algorithms (Java), MySQL

Tools & Other

Microsoft Office (Word, PowerPoint — Proficient; Excel — Basic), Basic Designing

PROJECTS

Pizza Hut DSA Project Java · DSA · Dijkstra

Java-based Pizza Hut management system using Data Structures and Algorithms.

- Implemented arrays, linked lists, queues, and priority queues for order and menu management.
- Applied Dijkstra's algorithm for path-finding within the system.

Wind Detector Project Networking · Cisco Packet Tracer

Academic networking project focused on wind detection and data monitoring.

- Designed and simulated network topology for environmental data collection and monitoring.

Roshni Game Project C++

Console-based word guessing game built in C++.

- Developed interactive gameplay where players guess a hidden word with user input handling.

CERTIFICATIONS & TRAINING

- Deloitte Cyber Job Simulation — Virtual experience certificate
- Great Learning — Beginner-friendly technology courses

▸ Anthropic — Claude 101 & AI Fluency for Students

▸ Simplilearn SkillUp & LinkedIn Learning — Programming fundamentals

INTERESTS

Programming, cybersecurity fundamentals, problem-solving, and building small hands-on tech projects.
